

Innovation For Creativity

metal ceilings and facades

AMAZING

SURFACE FINISHING

Sublimations, high resolution digital printing, dot-art perforations, natural materials reproductions, water effect, molding and more: to create the most amazing surface finishing.

AMAZING SURFACE FINISHING

WOODS

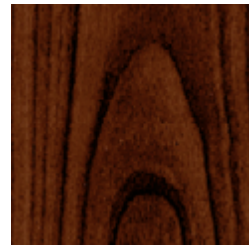

STANDARD STEEL WOODS

L04 - LIGHT MAPLE
steel 6/10

L05 - MEDIUM DURMAST
steel 6/10

L06 - DARK WALNUT
steel 6/10

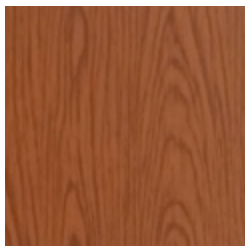

STANDARD ALUMINUM WOODS

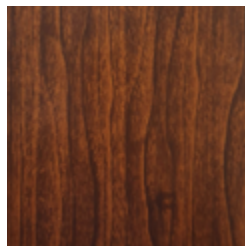

L07 - MEDIUM PINE
aluminum 5-6-7/10

L13 - CHÈNE IRLANDAIS
aluminum 5-6-7/10

L17 - OREGON 4
aluminum 5-6-7/10

L14 - MADERA BRAZIL
aluminum 5-6-7/10

All the beauty of wood on the metal surface, to create environments where the natural materials finishing stands out for the realism of its reproduction. In addition to the standard pre-painted metal and PVC film with wood effect, faithful reproductions can be realized in high resolution digital printing and sublimation technology.

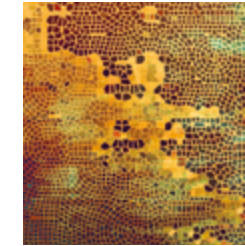

SUBLIMATIONS AND DIGITAL PRINTING

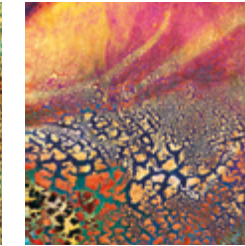

SUBLIMATIONS AND DIGITAL PRINTING

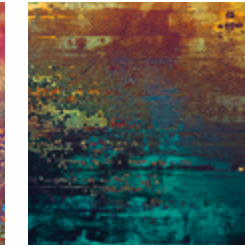

S01 - TAPESTRY
steel | aluminum

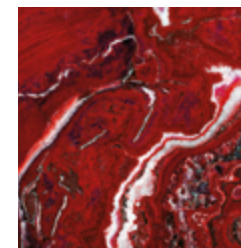

S02 - MOSAIC
steel | aluminum

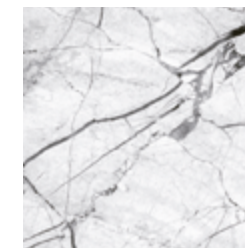

S03 - CALEIDO
steel | aluminum

S04 - ABYSSES
steel | aluminum

S05 - SICILY
steel | aluminum

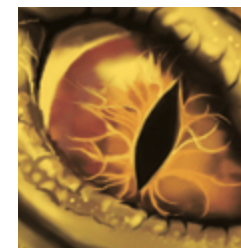

S06 - STATUARIETTO
steel | aluminum

S07 - BLUE PRINCESS
steel | aluminum

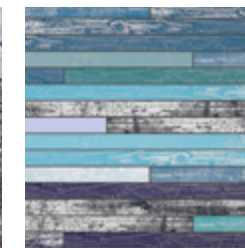

S08 - RAINBOW P.
steel | aluminum

S09 - DRAGON EYE
steel | aluminum

S11 - LOUNGE
steel | aluminum

S12 - SEA WOOD
steel | aluminum

S13 - ALBA
steel | aluminum

S10 - VINTAGE
steel | aluminum

Thanks to sublimation and digital printing technology, any image can be reproduced on the metal smooth and perforated surface.

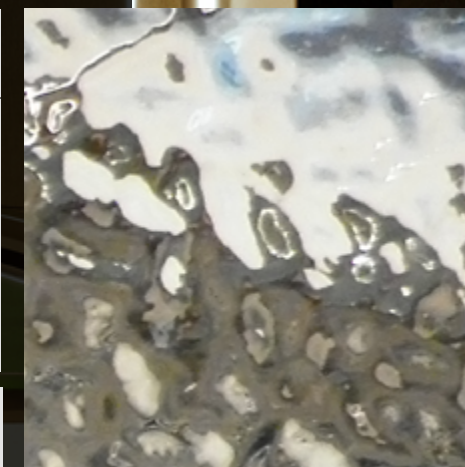

More over, the decorated covering can be treated with matte, glossy and materic coating to make iridescent or shaded finissage.

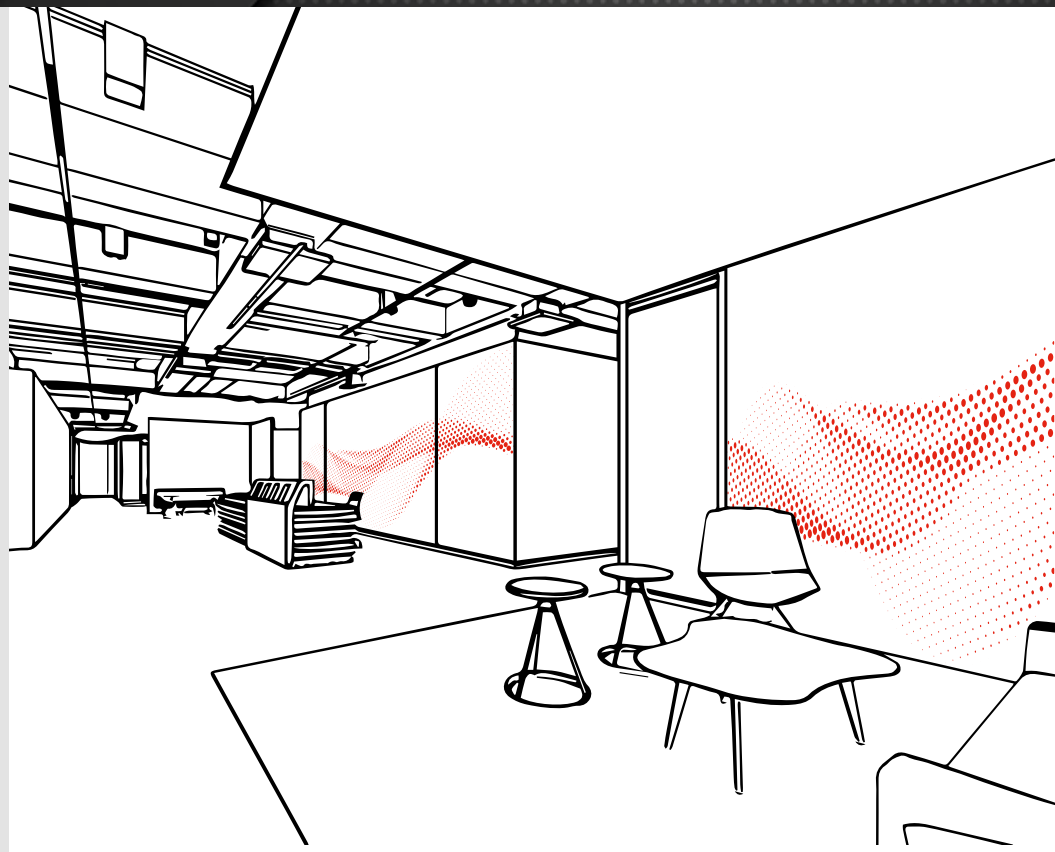

WATER EFFECT

METAL RIPPLES

To reproduce the ocean ripples on metal surface, by mirroring lights and shades in a special water effect.

ST - WATER EFFECT
steel

■ DOT-ART

Dot-Art technology
powered by the patented ACT / SIGN software
convert images into small dots spread over the
metal surface.

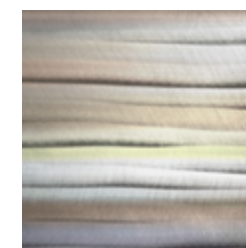

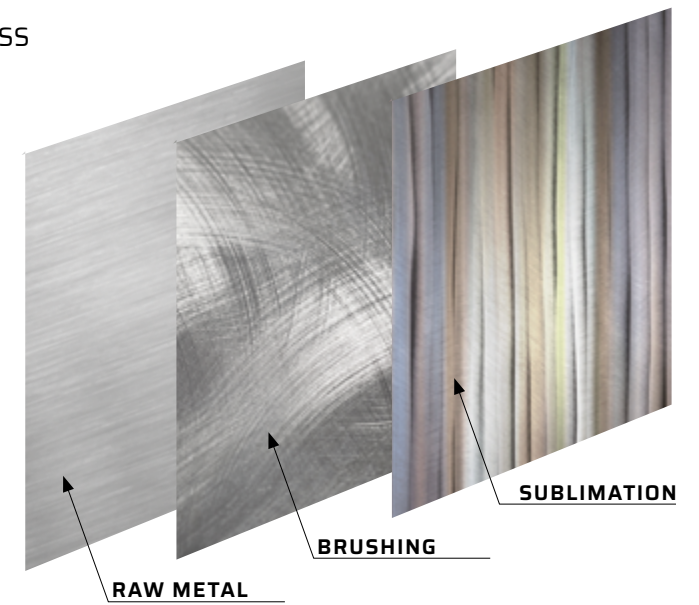

AMAZING SHADES

THE ARTISTIC PROCESS

The decorative system “**Art Brushing**” combines the beauty of brushed metal to the appeal of a texture sublimation.

One of the most sophisticated process to obtain a very refined result:

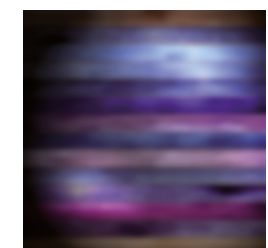

- decorative brushing design ■
- pre-sublimation treatment ■
- metal sublimation ■
- protective coating ■
- metal shaping ■

B01 - MADREPERLA
steel | aluminum

B02 - OCEAN
steel | aluminum

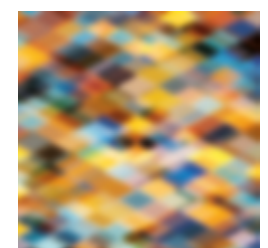

B03 - GOTICH MOON
steel | aluminum

B04 - SEA SUNSET
steel | aluminum

B05 - LILIUM
steel | aluminum

B06 - MANET
steel | aluminum
